Mr. Merlin H. Christiansen
Emery, Utah

Dear Mr. Christiansen:

Re: Muddy Creek

Reference is made to our conservation last week concerning your unapproved storage filing.

We have contacted our area engineer, Mr. Earl Staker, and asked him to get in touch with you and see if he can assist you in getting your applications processed.

I trust this is satisfactory and will provide the help you need.

Yours very truly,

Donald C. Norseth
DIRECTING HYDROLOGIC ENGINEER
